

the ēvō system™
By Vantage Point

the most flexible and complete guestroom solution.

Easily integrate a **Flat Panel Television**¹ into a new or existing room with the evo system's™ straightforward installation, as wiring is neatly hidden away. **Sound Panels**² are cleverly disguised within the evo system™ and add to the entertainment value of a room.

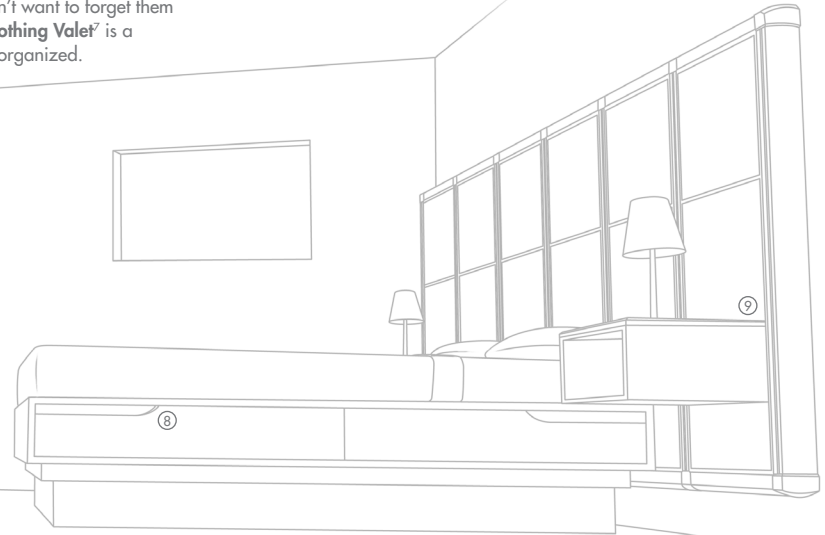

Need a place to put your things, but don't want to forget them either? The evo system™ **Storage and Clothing Valet**⁷ is a modern and simple solution to keeping organized.

A simple and clean way to provide a **Desk Area**³ in a room while saving space. The system can easily integrate a **Connectivity Hub**⁴, making networking with personal electronics as intuitive as plug-and-play.

Feeling hungry? Need a beverage? Enjoy the **Food Service Area** equipped with all the comforts of a mini bar—or brew yourself a fresh cup of coffee! The **Mini Bar**⁵ is installed right into the evo system™, maintaining the open floor space that the evo system™ provides. The in-wall **Coffee Maker**⁶ is simple and sleek; water may be routed directly to the maker. With the removable panels, the evo system™ makes maintenance to all integrated products a synch!

The **Pedestal Bed**⁸ doubles as drawer space to hide away any unmentionables, while the evo system™ as a **Headboard with Night Stands**⁹ complete the room's look.

*World Clock and wall mounted Thin Fireplace complement the room's decor.
